MEMORANDUM FOR: Branch Chiefs, [REDACTED]

SUBJECT:

Policy Regarding Actions Resulting from the  
Inspector General's Survey of the PPC Staff

1. After a year of complying with the Recommendations pertinent to [REDACTED] made by the IG on 30 October 1956 and approved by the DDCI on 27 March 1957, a few remain which have not been completely met. These remaining recommendations fall into two general categories: (1) Those which can be satisfied by a specific action; or (2) Those which require continuing effort.

2. Each Branch has been required to report quarterly on the status of the actions being taken to meet the IG Recommendations. These quarterly reports are no longer necessary. Those recommendations which can be met by some definite action (Category 1 above) should be picked up by the appropriate Branch in the Monthly Status Report and carried until action is completed. Those requiring continuing effort (Category 2 above), having been approved by the DDCI, are to be considered as CIA policy unless and until rescinded. They are reiterated in Enclosure 1 for the guidance of all [REDACTED] personnel. The recommendations which are to be picked up in the Monthly Status Report are listed in Enclosure 2.
